Basic typesetting and layout are included in rate. Custom production will be subject to additional charges. A color PDF proof will be sent for approval prior to publication. Supplied files, photo/logo scans, images and artwork must be:

- Scanned/created at 300 dpi or higher to size. (Photos or logos from websites cannot be accepted due to low print quality.)
- Set up grayscale or CMYK.
- Saved as high-resolution TIFF, JPEG, EPS or PDF files.

PRINT-READY SUBMITTED ADS

- Print ads submitted as a high-resolution (300 dpi) PDF (PDF/X-1a).
- The publisher is not responsible for enhancing advertisers' digital files or resizing to match the ad space purchased.
- For aesthetic purposes, any ads submitted without a defined border [on a white background] will have a .25" rule added by the publisher to define the perimeter. A proof of the ad with the modification will be sent for reference.
- If any additional work is necessary or if files deviate from the size or specifications on this form, the files will be rejected and must be resubmitted. Please proof your ad carefully before submission. Resubmitted files will be subject to a \$50 processing fee.

Any extra charges incurred by the publisher due to problems with supplied files will be billed to the advertiser with a detailed explanation of the problem.
